Dentist,

Office: Patton Street, next door to Postoffice.

and Whiskey Habits cured at home without pain. Book of particulars sent FREE. B. M. WOOLLEY, M. D., Atlanta, Ga. Office 104 1/2 Whitehall St.

PINKERTON MEN.

Hundreds Called Into the Coke Region.

WORK TO BE RESUMED AT ONCE.

The Strikers Exasperated and a Feeling of Uneasiness Noticeable—A Number of Works Already Running—Miners En Route to Take the Strikers' Places.

SCOTSDALE, Pa., April 21.—By tomorrow morning 500 Pinkerton detectives will have arrived in the coke region. They are to be stationed on guard duty principally at Frick's works. The strikers are exasperated, and a feeling of uneasiness is very noticeable. All is quiet now, however, save at a few strikers' meetings there is a great deal of shouting and cheering. At these meetings the strike leaders are making strong speeches against the introduction of "Pinkerton things" as they call them.

Each plant, where work is being done, will hereafter be guarded by a heavy force, and positively no interference with the workmen permitted.

The executive board of United Mine Workers met here yesterday evening and reviewed the situation. Their decision was unanimously in favor of a continuation of the struggle. An effort will be made to secure more money. Quite a sum of money was received and distributed among the needy families yesterday.

The Frick company claim to have more men working at all of their plants. Out of the 394 ovens at Jintown and Sterling, all but six are fired, and more workmen are at hand than are required to run the plants. McClure & Company's force is also largely increased.

Fourteen families were evicted at Morewood yesterday afternoon. The serving of eviction notices continues.

All is reported quiet at Leisnering No. 2 where 150 Pinkerton men are on guard. There were no evictions in this vicinity yesterday.

Herr Most will not make a personal tour of the coke regions. Alexander Jones and August Delaber, two other Socialist agitators, will hold a series of mass-meetings throughout the region, beginning to-morrow. The Socialistic societies of the district have a membership of 3,000, and are active participants in the present strike.

The sheriff, with a large force of deputies, is now en route to Trotter works, where twenty evictions are to be made.

It is reported that a large mob of strikers is congregated at Leisnering, and are armed for a desperate conflict when evictions are attempted.

The labor leaders have just received information that the Frick Coke company have engaged the services of 500 experienced miners from the Punxsutawney coal fields with the intention of putting them to work at once in their various coal mines, now guarded by the Pinkerton men. It is also stated that these miners are coming with the full understanding that they are to assist in breaking the strike.

The Decisive Battle Approaching.

UNIONTOWN, Pa., April 22.—Sheriff McCormick denies that the several car loads of new men landed in the coke region yesterday are Pinkerton men. He admits that part of them will do guard duty, and he swears them in for that purpose at West Leisnering yesterday afternoon. The rest, he says, will go to work in the places of the striking miners and will be joined soon by several car loads of other men from the anthracite regions. It is now thought that the test battle of the strike will be fought at West Leisnering, and the serving of the thirty-two injunction writs yesterday restraining the leaders from interfering with the running of the works was preparatory to this battle, which opens in earnest to-morrow.

Critical State of Affairs at Morewood.

MOUNT PLEASANT, Pa., April 22.—During the evictions at Morewood yesterday afternoon many exciting scenes occurred. At the house of Martin Wergenski the deputies were attacked by Wergenski's wife. A mob of 300 persons on the outside had to be dispersed by the militia. Affairs at Morewood are somewhat critical at this hour. Early last evening crowds of strikers broke in the windows of the houses from which the people were evicted and began dancing. The dance will likely end with a fight.

The evictions of the Morewood tenants will take place this afternoon. Sheriff Clawson will be accompanied by forty-five deputies and expects trouble. Eight men are working to-day.

Pinkertons for the Coke Regions.

PITTSBURG, April 22.—A squad of one hundred Pinkerton detectives arrived in this city early yesterday morning from Tyrone, Pa. The men were originally from Chicago and other western cities. After breakfasting at the Union station they boarded a train on the Southwestern Pennsylvania railroad, which is the direct route to the coke region. They had with them twenty cases of Winchester rifles. Each case contained sixteen 44-caliber guns. It is learned that these men have been sent into the coke region by operators who are not satisfied because of Governor Pattison's declaration to keep more of the National guard on duty in the coke region.

No Use For the Militia.

UNIONTOWN, Pa., April 22.—The strike leaders yesterday telegraphed Governor Pattison that they do not want the militia stationed in the coke region; that they are not needed; that sheriffs can secure all the deputies necessary if they will only pay for them. They extend an invitation to the governor of the coke region. The telegram was signed by all of the more prominent labor leaders, and endorsed by Col. T. B. Seagriff, the well known Democratic politician.

FUNERAL OF BISHOP GILMOUR.

His Body Placed in a Crypt in the Cleveland Cathedral.

CLEVELAND, O., April 22.—No function of the Catholic church in this city ever drew together so large a multitude as the funeral of Bishop Gilmour. Every Catholic church and in imitation of the diocese was represented and words of sympathy flowed in from all parts of the country. As the hour approached for the funeral the crowd began to move about the cathedral that there was hardly room in Superior and Erie streets for the stream of people who sought to gain entrance, and not a hundredth part of the vast concourse could find room within the doors of the church.

The services did not begin until 10 o'clock, but long before that hour the great cathedral was densely packed with people who were anxious to obtain a last view of the dead prelate. As the funeral hour approached, and the bells of the city began their tolling, the procession about the bier was stopped. A large delegation of the clergy of the diocese entered the church, clad in cassocks and surplices, and took seats at the front beneath the chancel rail. Then a rich bishop entered in the full robes of office. He was accompanied by Bishops Watterson, Richlein, O'Hara, Mues, McQuaid, Chatard, Phelan, McGovern and Radenacher. The great organ began a requiem, it was taken up by the cathedral choir, and the surpliced priests above the catfalkie responded with chanting. Archbishop Ireland, accompanied by Archbishop Ireland, of St. Paul, then walked to the front of the sanctuary and began the services by celebrating high mass.

After the mass the five absolutions were sung by Archbishop Ireland, of Cincinnati; Archbishop Ireland, of St. Paul; Bishop Fitzgerald, of Little Rock, Ark.; Bishop O'Hara, of Scranton, Pa.; and Bishop Mullen, of Erie, Pa. Bishop McQuaid then delivered the funeral sermon, which was a scholarly effort. He said he had come at the request of the dead prelate, which he looked upon as an imperative command, after which he dwelt upon the relations of Bishop Gilmour to the church and services which he had rendered her. In conclusion the speaker hoped that when death came to him it would find him as it had found Bishop Gilmour, without money and without debts.

At the conclusion of the sermon, the casket containing the remains was raised aloft by ten pallbearers and borne out between two lines of priests with uncovered heads. Passing around on Superior street to the rear of the cathedral, the bearers of the body entered the crypt beneath the edifice where the coffin was deposited in a sarcophagus carved out of a solid block of sandstone. After being sealed by a heavy marble slab, the funeral party dissolved and the remains of the bishop were left to their final repose.

BASE BALL.

Opening of the League Championship Race All Along the Line.

NEW YORK, April 22.—This is an important day in base ball circles in a number of cities, the opening of the League championship race all along the line. Never did a season open under more favorable auspices. With the greatest circuit and the greatest clubs in its history, the pioneer organization is well equipped for the fray. The scars of 1890 have disappeared sooner than the most sanguine of cranks expected.

In the east the boom is unmistakable. Exhibition games in this city with minor clubs have drawn greater crowds than the championship contests did during the period of strife and personal abuse. The game seems well on its way toward the old pedestal of popular favor from which it was torn by warring factions.

Governor Hill, who is an old townsman of "Dumme" Richardson, and Mayor Grant have accepted invitations to the game with Capt. Nash's Bostonians at the Polo grounds. There will be music by Cappa's band, and lots of bunting.

In Philadelphia Capt. Ward makes his appearance at the head of the united Brooklyn against Capt. Bob Allen's colts.

At Pittsburg "Uncle Anson" will move his forces against Capt. Ned Hanlon's aggregation. There will be a parade and all the other etceteras of a blooming opening.

At Cincinnati a great time is expected. The Reds will meet the Cleveland aggregation. The old Queen City has not had a taste of professional ball since the dark days of last October. For the first time on record the Reds will make their first appearance of the year at home in a championship contest. Out at the Western avenue grounds there will be a concert. Umpire Jack McQuade will call play ball at 3 o'clock. There will be a large attendance owing to the fact that the city is crowded with visitors on account of the convention of the National League of Republican clubs.

Important Base Ball Decision.

BALTIMORE, April 22.—Judge Phelps this morning handed down a decision in the case of the Baltimore Base ball club against Clarence L. Childs, in which he denies the prayer of the plaintiff for a permanent injunction restraining Childs from playing with any other ball club than Baltimore. The judge holds that Childs is not bound by the preliminary agreement made with Manager Barnie last winter because it was not sufficiently specific. In other words it would not have bound the Baltimore club had they been inclined to throw Childs overboard. For this and other reasons the judge dismissed the case. Childs will now go to the Cleveland club.

Yesterday's Game.

At Boston—Boston 11, Athletic 4.
At Washington—Washington 8, Baltimore 12.

At Columbus—Columbus 8, Cincinnati 5.

DETROIT, April 22.—The street car strike which began here yesterday morning was broken at noon and cars are running.

THE TWO REPUBLICS.

Both Doing Honors to President Harrison.

HIS WELCOME AT EL PASO, TEX.

Mexican Officers With Military Band Take Part in the Parade—Brief Addresses, a Reception, and a Return to the Trade—His Reception in New Mexico.

EL PASO, Tex., April 22.—Mexico joined the United States yesterday in doing honor to President Harrison. The presidential party arrived in this city at 10 o'clock. The welcome of the president was very enthusiastic, the city being crowded with people, many of them Mexicans.

Gen. McCook, of United States army, and prominent citizens met the president at the train. A detachment of the Fifth infantry and band, a number of Mexican officers with a military band and local organizations formed a procession to the court house, where speaking took place. At many of the street corners were banners in Spanish and English bearing the words "Reciprocity with Mexico." Gen. A. J. Madley made the address of welcome at the court house. Governor Carrillo also spoke on behalf of President Diaz, several others made speeches welcoming the president to the Lone Star state. The president made a brief response and was heartily applauded. The presidential party left for Los Angeles at noon, central time, or 10 o'clock Pacific time.

Mrs. Harrison and a number of ladies of the party visited Juarez on the Mexican side of the river, where a salute was fired by Mexican artillery. A salute was also fired on the American side.

In New Mexico.

DEMING, N. M., April 22.—Just after leaving El Paso, the presidential train crossed from Texas to New Mexico, and Governor Prince, of that territory, who was on the train, made an address of welcome to the president, to which the latter briefly responded. A delegation from Deming, accompanied the party from El Paso. At Deming, where the train halted a few minutes, a salute was fired by a detachment of the Tenth colored cavalry. A large crowd cheered the president who made a short speech after being introduced by Professor Hayes. The train left Deming at 1 p. m. for Los Angeles.

ACCIDENT IN A STEEL WORKS.

A Boy Roasted to Death, and Several Men Fatally Burned.

BRADDOCK, Pa., April 22.—Yesterday afternoon a frightful explosion of gas occurred in the "Bottom house" in the rear of the converting department at the Edgar Thompson steel works. One of the workmen opened an oven door, when a huge volume of gas shot out, and bursting into flame, enveloped John Soles, Thomas Ranttrauf, David Hoon, Otto Oedrake, burning them very seriously. They may possibly recover. Two boys, William Fordsworth and August Anderson, aged about 16, were also severely burned. Company Surgeon Stewart administered temporary relief to the injured men and had them sent to their homes, where the doctor again visited the men and carefully dressed their terrible injuries. The surgeon thinks it hardly possible for John Soles, Thomas Ranttrauf or William Fordsworth to survive their injuries, they having inhaled the flames aside from their frightful external burns. The others injured are resting easy and are in no immediate danger. Later in the day Hugh Kearns, the 16-year-old son of Superintendent Kearns, of the smoothing rolls in the rail mill department, was literally roasted to death by the bursting of a steel ingot.

CAUSED BY WRECKERS.

Accident on the Cincinnati Southern Casting at Least Two Lives.

CHATTANOOGA, Tenn., April 22.—Information has reached here of a bad wreck on the Queen and Crescent system at Springville, Ala., which occurred about midnight last night.

Engineer John Cotter, brother of ex-Alderman Cotter, of Chattanooga, and Fireman Charles George died this morning from their injuries. The engine was turned over. Mail Clerks James Barlow and D. Nicholson were injured. The baggage, express and mail cars were demolished.

The wreck was caused by a broken rail or spikes drawn by train wreckers. Other casualties may result, as a number of passengers were injured. Details are meagre at this hour.

Verdict for Heavy Damages.

CINCINNATI, April 22.—A verdict for \$96,000 damages in favor of the Peters Cartridge company, was returned in Judge Moore's court yesterday. The defendant was the Pittsburg, Cincinnati and St. Louis Railroad company. The action was based on the explosion at King's Mills a few months ago. A freight crew in making a running switch threw the detached cars violently against a car containing gun powder standing on a side track, the concussion causing an explosion. The plea asked for an allowance of \$114,000 for injury to the plaintiff's plant and interruption to business.

Attempted Wife Murder.

ZVNESVILLE, O., April 22.—Ed. Green, a traveling salesman well known over Ohio, now connected with the Columbus Hat house, carved his wife shortly before noon yesterday, at his home there, in a fit of jealous rage. Her recovery is believed to be impossible. Green immediately slipped out and so far has eluded the officers.

NEW ORLEANS GRAND JURY.

A Number of Witnesses Examined in the Hennessy Case.

NEW ORLEANS, April 22.—Section A of the criminal district court was crowded with about 300 men yesterday morning when the grand jury met. They represented the most prominent business men in the city, and had been summoned Saturday and Monday to testify in the Hennessy case. Most of the gentlemen did not know why their presence was desired. Many of them had not been down at the parish prison on the day of the tragedy and consequently were not acquainted with any of the circumstances of the affair. They passed into the grand jury room one by one and none remained inside for any length of time.

While it was difficult to learn from any witnesses what the character of the questions asked was, it is divined that the citizens were summoned to testify with regard to public opinion, and to give the names of those who were present aiding and abetting the slaying of the Italian prisoners.

District Attorney Grant has nearly completed his report, but will not give it out for publication. It will cover few points that have not become already known through the press reports, and is simply an official statement for the benefit of the secretary of state. There were two or three clergymen before the grand jury.

DEFIANT NEWFOUNDLANDERS.

Two Government Cruisers Sent to the Rescue of the Trouble.

HALIFAX, April 22.—Six hundred Newfoundlanders in seventy schooners, assembled Monday in Placentia bay, determined to haul herring for the purpose of selling them to the St. Pierre fishermen for bait, in direct defiance of the bait act. An officer was sent to warn the fishermen, and if they refuse to disperse he was ordered to arrest them. While carrying out these instructions, the officer was set upon by some of them and severely injured. Then the fishermen indulged in riotous and threatening actions, in which they were aided and encouraged by the French residents of St. Pierre. The government has sent two cruisers to the scene of the trouble. Great excitement prevails here.

The Fremont Island Claim.

FINDLAY, O., April 22.—The missing link in the chain of title establishing Gen. Fremont's claim to the island of Alcatraz, in San Francisco bay, has been received by W. B. Covert, of this city, who is one of the claimants under Fremont, he having furnished part of the purchase money. This missing part of the title is in the form of a grant from the Mexican government to Plinio Temple, the man from whom Gen. Fremont made the purchase. The United States government now has possession of this island, and Fremont's heirs are suing for its value which is estimated at \$10,000,000.

Two Tramps Run Down.

ST. JOSEPH, Mo., April 22.—The Burlington fast train coming from the south yesterday ran over and ground into fine pieces two men, evidently tramps, who were walking on the track. The accident occurred just at the edge of the city limits. From letters found in their clothing, one is supposed to have been George Gaston, and the other E. L. Mariaduke. The engineer was too near to stop when he discovered the men.

Hurricane in Texas.

DENTON, Tex., April 22.—News reached here yesterday that a hurricane passed over the settlement on Clear creek, ten miles northeast of here, early in the morning, wrecking the house of John Grimes, killing his wife and severely injuring two children, aged 7 and 9 years. The house was lifted from its foundation and completely demolished and it is said that every bone in the woman's body was broken.

The Executions Did Not Take Place.

EUFULA, O. T., April 22.—Those who gathered at Weewakee court house, 58 miles west of here yesterday morning, to witness the execution of seven negro murderers and one negro thief were disappointed. Three of the condemned men were pardoned by the chief on Friday last. Sunday all the others, by the aid of their friends, escaped from their guards. There is little prospect of their recapture.

Quarantine Line Removed.

ST. LOUIS, April 22.—A dispatch from San Antonio, Tex., says that after a conference between Secretary Fusk and many prominent stockmen from Colorado, Wyoming and other states, the secretary of agriculture rescinded his recent order moving the quarantine line many miles south of the 36th parallel of latitude. This leaves the quarantine line the same as before at the 36th parallel.

Epidemic of La Grippe and Measles.

STREUBENVILLE, O., April 22.—La grippe and measles are epidemic in this city. The public schools are almost depopulated in the primary grades. One room yesterday, but six were present out of an enrollment of forty-four. Another nineteen out of fifty-eight; another twelve out of fifty-one. In two ward schools 108 were absent out of an enrollment of 482.

A Boy Suicides.

PHILADELPHIA, April 22.—A 17-year-old boy named Ferdinand Meyers, committed suicide at his home in this city Sunday night, by shooting himself through the heart. The boy killed himself because his mother would not buy him a new suit of clothes.

"Wet Spot" After Many Years.

WASHINGTON, Pa., April 22.—For the first time in twenty-three years license to retail intoxicating liquors in Washington county, Pa., was granted yesterday. The location of the "wet spot" is at Charleroi, a manufacturing town in the eastern part of the county.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY, APRIL 22, 1891.

When an Italian draws his stiletto now nearly everybody in the country knows it twenty-four hours afterwards. There is too much of a tendency to make mountains out of mole-hills.

PRESIDENT HARRISON, in his swing around the circle and in his much speech-making, talks as though he favored exchanging the products of this country for the products of other countries. And what is that but free trade? That would be knocking the foundation from under protection.

THE Owensboro Messenger reminds Democrats that State Senators elected this year will have a vote in the election of a successor to Hon. John G. Carlisle. This depends upon whether the new Constitution is adopted. But that doesn't matter much. Carlisle will succeed himself, if he wants the office.

"BLAINE has made a brilliant administration," Ex-Governor Foraker sarcastically remarked in his address yesterday at the meeting of the National Republican League. This was a vicious slap at President Harrison. No wonder it made his friends furious. The war in the Republican camp will be lively from now on.

THE New York Sun has been examining Kentucky's new Constitution and concludes that "it is extremely mild in its provisions." It says these provisions "differ in no essential respect from the organic laws of other States." The Louisville Courier-Journal looks at the instrument through other glasses, however, and would have the people to believe "there's mischief in every section of it."

As an amusing feature, in some respects, of the present State campaign is the part being played by Mr. Clay and Dr. Clardy. Both claim to be the farmers' candidate, and each is denouncing the other as a friend of the corporations. It looks like the Christian County physician is getting the best of the Bourbon County Colonel, as the latter has gone to writing "cards" to the papers explaining some of his actions years ago.

"THERE is a disposition among the leading Democrats" says the Louisville Times, "to honor two good men and parliamentarians in the selection of a Chairman and Temporary Chairman who will preside over the State Convention. It is disposed to give the first honor, though last received, to the distinguished Lieutenant Governor of the State, and the second place, that of Temporary Chairman, to Hon. D. H. Smith, the State Senator from Leno.".

ONE of the sections of the new Constitution says: "All property in this State, whether owned by natural persons or corporations, shall be taxed in proportion to its value, unless exempted by this Constitution; and all corporate property shall pay the same rate of taxation paid by individual property. Nothing in this Constitution shall be construed to prevent the General Assembly from providing for taxation based on income, license or franchises."

Will the Courier-Journal point out the "mischief" in this section? Isn't it fair and just that all property should pay the same rate of taxation?

A Suggestion From "Civis."

Editor Bulletin: The Constitutional convention having, it is to be trusted, well performed its varied duties, it seems to be a mere matter of anticipation that the new instrument with its abounding excellences will at the next election become the organic law of the State.

But the convention has entailed a tedious and responsible duty on the succeeding Legislature. The laws as they now exist must be made to conform to the new Constitution, if it be adopted.

A man even well acquainted with the new Constitution by general reading can hardly be supposed to be so well acquainted with it as he who helped to make it, and as a consequence, no man whatever may be his legislative accomplishments can be so well qualified to secure an adaptation of the laws to the Constitution, as one of the members who made the Constitution.

I would therefore suggest that as far as may be practicable throughout the State that the members of the late convention be returned to the next Legislature.

This is not written in behalf of any individual. It is intended for State application. It is written in the belief of no political party, but arises simply from the belief that the men who made the Constitution are those best able to make the laws conform to it.

Little Sermons.

[Ram's Horn.]

There are too many people in the church who are afraid of getting so much religion that it will make them conspicuous.

One reason why more people are not on their way to heaven is because they haven't got the courage to say good-by to the devil.

If all parents were as careful in bringing up their children as farmers are with their live stock it wouldn't be long until every body would be on their way to heaven.

STATE OFFICERS.

Additional Provisions of the Executive Department of the New Constitution.

Section 85. A Lieutenant Governor shall be chosen at every regular election for Governor, in the same manner, to continue in office for the same time, and possess the same qualifications as the Governor. He shall be ineligible to the office of Lieutenant Governor for the succeeding four years after the expiration of the term for which he shall have been elected.

Section 86. He shall, by virtue of his office, be President of the Senate, have a right, when in Committee of the Whole, to debate and vote on all subjects, and when the Senate is equally divided, to give the casting vote.

Section 87. Should the Governor be impeached and removed from office, die, refuse to qualify, resign, be absent from the State, or be, from any cause, unable to discharge the duties of his office, the Lieutenant Governor shall exercise all the power and authority appertaining to the office of Governor until another be duly elected and qualified, or the Governor shall return or be able to discharge the duties of his office. On the trial of the Governor the Lieutenant Governor shall not act as President of the Senate or take part in the proceedings, but the Chief Justice of the Court of Appeals shall preside during the trial.

Section 88. A President pro tempore of the Senate shall be elected by each Senate as soon after its organization as possible, the Lieutenant Governor vacating his seat as President of the Senate until such election shall be made, and as often as there is a vacancy in the office of President pro tempore another President pro tempore of the Senate shall be elected by the Senate, if in session. And if, during the vacancy of the office of Governor, the Lieutenant Governor shall be impeached and removed from office, refuse to qualify, die or be absent from the State, the President pro tempore of the Senate shall, in like manner, administer the government; provided, that whenever a vacancy shall occur in the office of Governor before the first two years of the term shall have expired, a new election for Governor shall take place to fill such vacancy.

Section 89. The Lieutenant Governor, or President pro tempore of the Senate, while he acts as President of the Senate, shall receive for his services the same compensation which shall, for the same period, be allowed the Speaker of the House of Representatives, and no more; and during the time he administers the government as Governor, shall receive the same compensation which the Governor would have received had he been employed in the duties of his office.

Section 90. If the Lieutenant Governor shall be called upon to administer the government, and shall, while in such administration, resign, die or be absent from the State during the recess of the General Assembly, if there be no President pro tempore of the Senate, it shall be the duty of the Secretary of State, for the time being, to convene the Senate for the purpose of choosing a President, and until a President is chosen, the Secretary of State shall administer the government. If there be no Secretary of State to perform the duties devolved upon him by this section, or in case that officer be absent from the State, then the Attorney General, for the time being, shall convene the Senate for the purpose of choosing a President, and shall administer the government until a President is chosen.

Section 91. Every bill which shall have passed the two houses shall be presented to the Governor. If he approve, he shall sign it; but if not, he shall return it, with his objections, to the house in which it originated which shall then enter the objections in full upon its journal and proceed to reconsider it. If, after such reconsideration, a majority of all the members elected to that house shall agree to pass the bill, it shall be sent with the objections to the other house, by which it shall likewise be considered, and if approved by a majority of all the members elected to that house, it shall be a law; but in such case the votes of both houses shall be determined by yeas and nays, and the names of the members voting for and against the bill shall be entered upon the journal of each house respectively. If any bill shall not be returned by the Governor within ten days (Sundays excepted) after it shall have been presented to him, it shall be a law in like manner as if he had signed it, unless the General Assembly, by their adjournment, prevent its return, in which case it shall be a law unless disapproved by him within ten days after the adjournment, in which case his veto message shall be spread upon the register kept by the Secretary of State. The Governor shall have power to disapprove any part or parts of appropriation bills embracing distinct items, and the part or parts disapproved shall not become a law unless reconsidered and passed as in case of a bill.

Section 92. Every order, resolution or vote, in which the concurrence of both houses may be necessary, except on a question of adjournment, shall be presented to the Governor, and, before it shall take effect, be approved by him; or, being disapproved, shall be re-passed by a majority of the members elected to both houses, according to the rules and limitations prescribed in case of a bill.

Section 93. Contested elections for Governor and Lieutenant Governor shall be determined by both houses of the General Assembly, according to such regulations as may be established by law.

Section 94. A Treasurer, Auditor of Public Accounts, Register of the Land Office, Commissioner of Agriculture, Labor and Statistics, and an Attorney General shall be elected by the qualified voters of the State at the same time the Governor is elected, for the term of four years, each of whom shall have been a resident citizen of this State for at least two years next before his election. There shall be elected by the qualified voters of the State, at the same time the Governor is elected, for the term of four years, a Secretary of State whose duties shall be to keep a fair register of and attest all of the official acts of the Governor, and shall, when required, lay the same and all papers, minutes and vouchers relative thereto, before either house of the General Assembly. He shall also perform such other duties as may be required of him by law.

Section 95. The Attorney General shall have been a practicing lawyer eight years before his election.

Section 96. The Treasurer, Secretary of State, Commissioner of Agriculture, Labor and Statistics, Attorney General and Register of the Land Office shall be ineligible to re-election for the succeeding four years after the expiration of the term for which they shall have been elected; and the Auditor of Public Accounts shall be ineligible to re-election for the succeeding four years after he shall have held the office for two terms, if he shall have been elected for two succeeding terms. The duties and responsibilities of these officers shall be prescribed by law, and all fees collected by any of said officers shall be covered into the State Treasury. Inferior State officers, not specifically provided for in this section, may be appointed or elected, in such manner as may be prescribed by law, for a term not exceeding four years.

Section 97. The General Assembly may provide

for the abolishment of the office of Register of the Land Office, to take effect at the end of any term, and shall provide by law for the custody and preservation of the papers and records of said office, if the same be abolished.

Section 98. The first election under the Constitution for Governor, Lieutenant Governor, Treasurer, Auditor of Public Accounts, Register of the Land Office, Attorney General, Secretary of State, Superintendent of Public Instruction, and Commissioner of Agriculture, Labor and Statistics, shall be held on the first Tuesday after the first Monday in November, eighteen hundred and ninety-five.

Section 99. The Secretary of State shall be at least twenty-five years of age, and shall have been a citizen of Kentucky at least five years next preceding his election.

Section 100. All the officers mentioned in Section 98 shall be paid for their services by salary and not otherwise.

OUR NEIGHBORS.

MAYSVILLE.

The outlook for a good wheat crop was never better.

We are sorry to note that Mrs. Duke is not so well since Saturday.

Heart could not wish for better weather than we have had for the past two weeks.

Mrs. Elizabeth Anderson has returned from an extended visit at Dover and other points.

J. W. Parker, of Irving Station, was here this week looking at Joel Laytham's fine horse.

John Furling, of Washington, made us a social call this week. Always glad to meet an old friend.

Work on the Christian Church has not begun yet, and we learn that the contract has not been let.

The grass is growing finely, and 'tis lovely now to visit in the country and wander over the green pastures and woodlands.

We took a drive last Sunday with our little family and spent a very pleasant day with the family of Mrs. C. E. Kilgore.

The horse show last Saturday was a signal failure. There were but two in the show, but they were good ones—Mr. Gill's, of Washington, and Joel Laytham's.

SPRINGDALE.

Mr. and Mrs. C. P. Vawter spent Thursday in Maysville.

Mr. S. P. Dentley was here last week on his way to the Queen City.

Mr. P. M. Garrett, of Lewis County, spent Monday and Tuesday at the Lookout House.

Jesse Thompson, late telegraph operator here, was married last Monday to Miss Julia Queen, one of Concord's fair young blondes. They came to Springdale over the C. and O., where they were welcomed by their friends at the Lookout House. They expect to board this coming summer.

WASHINGTON.

There were five additions to the Presbyterian Church last night. Preaching every morning and night this week.

The reason Colonel Ingersoll insists so strongly that there is no God, lies in the fact that he is so wrapped in his own sublime imperfection that he can not conceive of any being greater or mightier than Robt. G. Ingersoll.

ORANGEBURG.

M. It Tolle is able to ride out.

Rev. Ziegler held services at the Christian Church Sunday. He had a good congregation to hear him, and everybody is well pleased with him.

In Memoriam.

At a meeting of the Women's Relief Corps, held April 18, the following resolutions were adopted: Whereas, Our divine Father in his wise providence has removed from our midst Sister Cora H. Davis, who for many months had presided over our deliberations, and who, by her courteous manner and wise counsel, had built herself into our affections;

Resolved, That the death of Sister Davis our Corps suffers an irreparable loss, and the admonition to us is to be more diligent and faithful to build up our Corps as the days go by, for soon others of our members may be called hence.

Resolved, That in the death of Sister Davis this Corps loses a good and faithful member, one who always tried to make our associations pleasant, and that we extend to her husband and her large circle of relations our deepest sympathy and condolence, and that they may realize that the joy of the Lord is in their strength to bear up under their loss as the sun of their lives decline.

Resolved, That a copy of these resolutions be sent to the husband and to the parents of the deceased and also to the city papers for publication.

Mrs. M. Lewis, } Com.
Mrs. E. Hill, }
Mrs. H. Conners, }

Little Sermons.

[Ram's Horn.]

If we had no troubles but our real troubles nearly every body would be happy.

If there were no trials in this life such a thing as a well-rounded Christian would be impossible.

The man who loves to see the collection-basket coming toward him is on the right road to heaven.

Some men would have better wives if they were not so much afraid to trust them with a little money.

If some preachers wouldn't try to do so much themselves, God could do more for their congregations.

The man who does not find heaven in this world will stand a poor chance of ever finding it in any other.

The people most in danger of going to hell are those who expect to go to heaven, but put off making the start.

Center Shots.

A collar, like a man, gets tight by having too much inside of it.

The latest soup—take a little stock, six times as much water and then put in the lamb.

The man who never makes mistakes misses a good many splendid chances to learn something.

When the other man begins to quote statistics you may assume that you have won the argument.

Many a man flatters himself that he is getting ahead, when in fact it is only a head that he is getting.

It is natural to suppose that when you stroke a cat's back the wrong way the poor animal doesn't feel for straight.

A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be consumption and incurable. He was persuaded to try Dr. Kings New Discovery for consumption, coughs and colds at the time he was not able to walk across the street without resting. He found before he had used half of a dollar bottle, that he was much better; he continued to use it and is today enjoying good health. If you have any throat, lung or chest trouble try it. We guarantee satisfaction. Trial bottle free at J. James Wood's drug store.

"Now," said the carpenter to his wife, "we'll be off to the party as soon as I get out my claw-hammer, brush my nails, and clean up a bit."

Chamberlain's Cough Remedy the Best of All.

LATROBE, PA., Jan. 27, 1891. Messrs. Chamberlain & Co., Des Moines, Iowa, Gentlemen: You have helped me considerably with a good medicine and splendid advertising. Chamberlain's Cough Remedy is the most popular cough medicine I handle.

Mrs. Griffith, wife of Supt. of the Latrobe steel works, always has your Cough Remedy in her house. I persuaded her to try it months ago; yesterday sold her the fourth bottle.

Samuel Osborne, a prominent contractor, tells me: "John MacMillan, you can't say too much for Chamberlain's Cough Remedy. Say all you can and I will put my name to it."

"Mr. MacMillan you remember asking me to try, just to try, a bottle of Chamberlain's Cough Remedy for that terrible cough which I carried for months. Well! That cough is gone. Oh! My name is Miss Weis."

Mr. Jos. Barnett, our bank cashier, had a tickling in his throat for four or five nights: "Mac," one dose only of Chamberlain's Cough Remedy and I slept until morning.

Gentlemen, these are samples of hundreds that I know.

Think of the vast number of coughs sold. Chamberlain's Cough Remedy excels them all. Sincerely yours, JNO. C. MACMILLAN,

Proprietor of the Corner Drug Store. For sale by Power & Reynolds.

There is a constantly growing demand that other people be good.

The Frank Owens Hardware Co. have a full stock of the very best quality of galvanized barbs, galvanized plain and plain annealed fencing wire. Call on them.

ELDER R. H. DODSON, of Dover, has been authorized by the County Court to solemnize the rites of matrimony. He executed the required bond, with James N. Boyd as surety.

CALL and see the great variety of odd spoons, after coffees, ice creams, teas, &c. &c., in beautiful and artistic designs, and made of the finest sterling silver, just received at Ballenger's.

"That's a fat looking tramp," was said at our depot, but it was Colonel Frank Owens, of Maysville, just from fishing in the mountains. The boot blacks soon shined him up.—Paris Kentuckian.

The attention of contractors and builders is called to the advertisement of Lamartine Lodge No. 118, I. O. O. F., of Ripley. Bids are wanted for the erection of a three-story brick combined business, opera house and lodge room.

Death of a Former Citizen.

Mrs. Isabella Brotherton, widow of Robert Brotherton, died a few days since at the home of her daughter Mrs. Maggie Eyster, of Duluth, Minn. Mrs. Brotherton was in the eighty-second year of her age, and was a resident of Maysville for a while during the earlier part of her life. She left Maysville about thirty-five years ago, but visited Mrs. Bierbower and other friends here on several occasions afterwards. Her home was at Chambersburg, Pa., and a paper of that city in noticing her death says:

"Mrs. Brotherton preceding and during the late war was active in the amelioration of the helpless, and prominent in the numerous deeds of patriotism common with so many of the ladies of Chambersburg towards soldiers in hospital and camp in and around our town. A portion of the time she was a volunteer nurse in the army, and it was while thus employed that she learned of the death of her son Hugh Brotherton while in the cavalry service. Hugh was crushed to death while crossing a ditch, and his mother never fully recovered from the shock the sad event caused. She was an estimable lady in every relation, and her death will be learned with sorrow by all who knew her."

Stock and Crop.

W. L. Bramlette, of Nicholas County, has lost fourteen foals this season. A Nutwood mare he paid \$1,500 for died this week.

Among the articles exported from the United States to Mexico in 1890 were the following: Agricultural implements, \$55,974; cattle, \$309,028; hogs, \$476,674; horses, \$74,241; sheep, \$47,947; mules, \$31,678; all other animals and fowls, \$67,717.

It is generally conceded that bearing apple trees need manure. But if a tree that has been in blossom is manured some year when no blossoms are formed, its growth is often so stimulated that it takes a year or two for it to get into bearing again. At this time of year it is easy to notice by the buds what apple trees will be in bearing this year. Manuring these can not be a mistake, as the fertilizer will mostly go to perfect the fruit, yet leaving energy enough in many kinds of apples to form buds for a fruit crop the following year.—Exchange.

Railway News.

The damage suit of Mrs. Laura Hockersmith against the L. and N. railroad for the accidental killing of her husband, has been compromised by the railroad paying the plaintiff \$5,000. Hockersmith was killed in a wreck at Spring Station.

The London and Northwestern train, "The Flying Scotchman," running between London and Aberdeen, now covers the distance, 536 miles, in twelve hours. This is equal to 44.9 miles per hour, and includes the time lost in making seven stoppages.

The Chesapeake and Ohio road is attracting the attention of parties who are investing in railroad property. That its earnings are remarkably large must be admitted, and that it is well handled is evident from the fact that in February the road shows an increase in net earnings of 40 per cent., and for the first six months of its fiscal year an increase of 20 per cent.—Courier-Journal.

Cady-Smith.

The marriage of Mr. W. R. Cady and Miss Fannie E. Smith was solemnized this morning at 9 o'clock at the home of the bride, Rev. Thomas Hanford, D. D., officiating. Only a few relatives and intimate friends were present. The couple left shortly afterwards to spend a few days at Cincinnati.

The groom and his lovely young bride have a host of friends, being favorites in the circle in which they move. Mr. Cady is a member of the firm of Kackley & Cady, photographers, and is a young gentleman of exemplary habits. The bride is a daughter of Mr. and Mrs. H. C. Smith, and is a young lady of lovely character.

A Sort of a Green Goods Racket.

A farmer sent a dollar for a lightning potato-bug killer which he saw advertised in a paper, and received by return mail two blocks of wood with directions printed on as follows: "Take this block, which is No. 1, in the right hand; place the bug on No. 2, and press them together. Remove the bug and proceed as before."—Wauseon (Ohio) Examiner.

In a Hurry.

George W. Hudson, aged fifty-three, and Mrs. S. F. Curtis, aged fifty-four, were married this morning at the County Clerk's office by Judge Phister. The couple live near Murphysville and this is the second marriage of both of them. It is learned that the groom's first wife has been dead only about three weeks.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Dr. J. D. Clardy, candidate for the Democratic nomination for Governor, will speak at the court house to-morrow at 1 p. m. All are invited to hear him.

The Agricultural and Mechanical College of Lexington will get about \$15,000 a year for several years from the National Government, under a recent act of Congress.

The "Hathaway" fence wire is the most complete thing of the kind ever made. Can be used for fencing, gates, summer houses, arbors, trailing vines, &c. Frank Owens Hardware Company, agents.

The case of Miller versus McDowell, from Robertson County, has been set for argument in the Court of Appeals June 6th. Benley against Curtis, taken up from this county, is set for argument on June 11th.

A MERCHANT of Columbus, Ind., offered a young woman twenty yards of silk for a dress if she would saw half a cord of wood in front of his store. She borrowed a saw and went through the wood pile in exactly three hours, says an exchange, and the admiring crowd bought her a twelve-dollar hat to go with the dress.

The Young Ladies' Missionary Society of the Christian Church, assisted by the young ladies of the church, will give an "orange lunch" in the chapel of the church this (Wednesday) evening from 6:30 until 10 o'clock. Lunch 25 cents; ices and cake 15 cents. Admission, free. The ladies who have donated will please send the things to the church Wednesday. The public cordially invited.

The inclement weather last evening no doubt kept many away from the lecture at the Christian Church. A large crowd, however, was present. The pastor Rev. C. S. Lucas talked for one hour on "Theaters and Theater Going" and the discourse was interesting and instructive and will not fail to do much good. All plays are not bad, said the speaker, but forty-nine fiftieths of them are vile, indecent, vicious, not fit to be seen. During the discourse, the speaker read from an analysis of about sixty of the popular plays. This analysis was written by Sargent, a play writer himself, and it is safe to say there would be fewer theatergoers if this book was generally read. The subject of the lecture next Tuesday night will be "Dancing and Dancers."

A Bloody Record.

Mrs. Helen Gougar says she has kept a record of the accounts of wife murder by drunken husbands published in the daily papers since January 1, 1889. The aggregate number, she says, is 3,004.—Exchange.

A. O. U. W. Meeting.

There will be a meeting of Mason Lodge No. 20, A. O. U. W., to-night at the G. A. R. Lodge room. A full attendance desired. Business of importance. W. H. SAUVARY, M. W. W. R. WARDER, Recorder.

Real Estate Transfers.

Edwin Cooper and wife to Frankie D. Cooper, 20 acres of land on the Mt. Carmel pike; consideration, \$800.

C. C. Hopper and wife to Wm. H. Cox, a lot fronting 66 feet on the south side of West Second street, this city; consideration, \$4,250.

Robinson's Show.

The pioneer show, advancing with its country.

A visit to Robinson's fairy-land of fun and wonder will prove the happiest event in the life of every child.

A perfect show; the fruition of seventy years of toil.

At Maysville May 6th.

Here and There.

Mr. Henry Chenoweth is spending a few days at home.

Mrs. W. T. Rigg and Mrs. Dr. Ishmael are here on a visit.

Mr. W. J. Jackson, of Shawhan, Bourbon County, was in town yesterday.

Miss Mattie Faulkner, of Flemingsburg, is visiting Miss Nora Bloom.

Miss Ida Bloom, of Cincinnati, is spending a few days here with her parents.

Dr. and Mrs. A. H. Wall left yesterday to visit their daughter, Mrs. Judge Apperson of Mt. Sterling.

POLITICAL MEETING.

National Convention of Republican Clubs

AT CINCINNATI'S MUSIC HALL.

A Large and Enthusiastic Attendance at the Opening Session—Address of Welcome—Mass Meeting Addressed by Maj. McKinley and Others.

CINCINNATI, April 22.—Yesterday at Music Hall a great crowd assembled long before noon, the hour announced for the opening session of the National convention of Republican clubs. The dress circle and gallery were completely filled. The Cincinnati orchestra, stationed upon the stage, thundered forth patriotic melodies while the delegate hosts were assembling upon the great auditorium floor.

The stage was filled with men distinguished for deeds for party and country. Mayor Mosby made an address of welcome. He was followed by Governor Foraker, for the state. President W. I. Squire, of the Ohio Republican league, made by a fine speech of welcome on behalf of the state league. Prayer by the Rev. Howard Henderson, and then Professor Herman Bellstedt had the great mass of people cheering over his cornet solo. Hon. H. H. Powers, of Vermont, made reply for the league to the hospitable and enthusiastic speeches of welcome.

President Thurston's address followed. It was long, and the afternoon had well waned at its close, and after the appointing of committees on credentials, resolutions, place of next meeting and league work, adjournment was had until to-day at noon.

The night meeting was a magnificent success. Music hall seats over 8,000 people and standing room was at a discount.

The balconies were almost completely filled with ladies, and coupled with the brilliancy of the decorations the costumes made up a remarkable display for a political mass meeting.

President Thurston created a sensation when he introduced Hon. William McKinley as the next governor of Ohio, and one of the future presidents of the United States.

Mr. McKinley began coolly and quietly to draw a comparative and historical picture of the two great political parties. He made a clear statement of the Republican party's position on public matters for many years, saying that it was well to remember the history, because it was the only political party on earth which could look back on the past without regret and into the future without fear.

The major concluded with a defense of the party, saying that its mission would never be ended until the American ballot was as sacred as the American home.

Speeches were then made by several other visitors and delegates and music on the great organ and by an orchestra alternated with all the speeches.

The next meeting of the National League of Republican clubs will be held the first Tuesday of April, 1892, in Indianapolis.

NEGROES MASSACRED.

Tennessee Mountaineers Said to Have Killed Six and Wounded Ten.

CHATTANOOGA, April 22.—A report reached here from Rockwood, seventy-six miles from Chattanooga, on the Cincinnati Southern road, that twenty-five miles from that place last Sunday, a party of native mountaineers rode into a tan bark camp, situated in the Cumberland mountains, and without warning shot and killed six negroes and wounded ten. The mountaineers, it is said, had been discharged for incompetency, and took this method of vengeance.

Two of the wounded negroes reached Rockwood and took the train for Chattanooga, where they live. The trainmen report them as having boarded the train, but they cannot be found in the city. The party who spoke to them states that they asserted that the shooting crowd numbered twenty or thirty, and used rifles.

Battling for a Senator.

TALLAHASSEE, Fla., April 22.—At noon yesterday both houses of the legislature took a ballot for United States senator, but according to an agreement reached Monday night the vote was scattered so as to preclude an election. In the caucus last night the first ballot resulted: Call, 55; Spear, 41; Bloxham, 1. Second ballot: Call, 56; Spear, 40; Bloxham, 1. The fourth and last ballot stood Call, 56; Spear, 41; Bloxham, 1. The caucus then adjourned.

Freaks of Lightning.

LONDON, O., April 22.—A violent rain storm passed over our community at 5:45. It was the hardest storm for a great many years. The lightning struck the store of H. S. Baile and burned the facet off a coal oil tank holding five barrels of oil, without setting fire to the oil.

General Gibson Ill.

TIPPIN, O., April 22.—Gen. W. H. Gibson is lying alarmingly ill at his residence in this city of la grippe, with indications of pneumonia. The general's age, combined with a constitution weakened by arduous service during the war, causes much apprehension regarding the result.

Deaths in New York.

NEW YORK, April 22.—The number of deaths reported yesterday was 251, an increase of over one hundred since the previous day. Of this number twenty-seven were accredited to grip symptoms. The death rate yesterday was larger than for any other one day this year.

Smelting Works Burned.

ST. LOUIS, April 22.—The St. Louis smelting and refining company's works were partially destroyed by fire last night. The damage will amount to \$50,000. Several freight cars belonging to the Frisco road were also burned, together with their contents.

Isaac Smith May Not Hang.

COLUMBUS, O., April 22.—It is rumored here that Governor Campbell will, within a day or two, commute the sentence of Isaac Smith to imprisonment for life.

POWERFUL AND SMOKELESS.

America-Made Powder Proving Superior to All Others.

WASHINGTON, April 22.—In the light of the highly satisfactory results recently obtained with a new brand of smokeless powder of American make ordnance officials are now convinced that it is only a question of a few months before the army and navy will be able to adopt a new standard powder equal in efficiency to the very best produced and used by any foreign power. In truth America is ahead to-day in the matter of smokeless powder for small arms and the success attained can be regarded as quite an achievement for America.

The best results obtained by the navy have been from a brand manufactured under the supervision of Commander Jewell, of Newport. It is considered quite as good as any of the foreign brands, and better than any of those submitted by private parties for trial, but the naval authorities hope to reach a still higher degree of perfection before adopting a standard brand. The army ordnance officials have not made much progress with their powder, but in their efforts to obtain a suitable brand for the proposed new 30-caliber rifle, they have made a great many experiments with samples submitted by private inventors.

The most satisfactory powder was submitted by Mr. Warren B. Houghton, of North Adams, Mass., and shows the best results yet obtained with any smokeless powder with the moderate charge of thirty-two grains and a 230 grain bullet in a 30-caliber rifle, a muzzle velocity of 1957 feet per second, with a pressure of only 50,000 pounds to the square inch, was attained. With the charge increased to thirty-four grains a velocity of 2,000 feet per second, with a pressure of 56,000 pounds were recorded. These are by far the highest velocities and lowest pressures yet attained with any of the new smokeless powders.

This new American powder is free from smoke. It is odorless and gives a progressive rate of burning. It is uniform in action, does not foul the piece, and is supposed to have good keeping qualities, though this is a point that it will take time to determine. In addition to these qualities, which are possessed by only a few of the best foreign brands, it gives the minimum interior pressure with the maximum initial velocity, and in these respects surpasses other brands.

BEHRING SEA MATTERS.

Blaine Urged to Discriminate in Favor of His Own Countrymen.

WASHINGTON, April 22.—Secretary Blaine has received through the treasury department a memorial of the chamber of commerce of Seattle, Wash., protesting against discrimination in favor of foreigners in the Behring sea fisheries. The memorial says the law should be enforced and the poaching prevented, but if the delicacy of the position in which the government is placed pending diplomatic negotiations is such as to prevent the law's strict enforcement, any discrimination should be in favor of "our own people, and not those of any foreign country." The memorial sums up the position of the chamber of commerce as follows: "This chamber urges: First, the thorough execution of the law, if possible; second, if impossible, its non-enforcement as to all; that any and all discrimination on the part of the government in its enforcement shall be to the advantage of our own American citizens."

Legal Execution.

CHARLOTTESVILLE, Va., April 22.—William Muscoe, alias William F. Jordan, who murdered Policeman George L. Seal in this city, was hanged in the city jail yard at 9 o'clock yesterday morning. He made a full confession of the crime in his cell a few minutes before execution. He said he bore no hard feelings toward anyone. He was very calm and smoked and asked for a chew of tobacco while making his statement.

Extract of Centipede.

LITTLE ROCK, April 22.—A family of five persons named Ballor were fatally poisoned near Bellefonte, Ark. The parties were moving, and had camped on a stream. After eating breakfast, all became ill. The doctor's theory is that a centipede crawled into the iron vessel in which the coffee was made.

Miner Crushed to Death.

BRAZIL, Ind., April 22.—Robert Thompson, a miner, was killed yesterday in Watson's shaft, two miles south of town, by a stone weighing 400 pounds falling on him. He was aged 35, and has a family. Two of his brothers were killed in the Coal mine in Arkansas about one year ago.

Keys Acquitted.

BURLINGTON, Ky., April 22.—The closing arguments in the trial of Keys, for the murder of Fee, were made yesterday, and the judge charged the jury shortly after noon. The jury took the case at 1:45 and at 4 o'clock returned a verdict of acquittal.

Work on the Big Canal.

PITTSBURG, April 22.—G. Mueller, who recently returned from Panama, says he has information to the effect that work on the Panama canal will be resumed within a few months. He has reason to believe that within a short time the international railroad commission will bring forward a statement which will show that project to be nearer materialization than is generally supposed.

Gold Excitement in South Dakota.

PIERRE, S. Dak., April 22.—Great excitement was caused in Pierre, Sunday, by the report brought in that gold had been found in paying quantities along Sage Creek, in Pieback county, 110 miles west of here. A large number of people will start at once for the gold fields. It has been known for some time that gold existed there, but it was not thought to be of a paying quantity.

Drank Carbolic Acid by Mistake.

CHICAGO, April 22.—Mrs. Mary Howard, of 2345 Wabash avenue, last night took a bottle from a stand in the dark, and by mistake drank carbolic acid. She died in terrible agony before medical attendance could reach her.
